Market Value Adjustment (MVA)⁶

A positive or negative adjustment based on the current interest rate environment at the time of the surrender. The MVA does not apply to withdrawals after the surrender charge period, the 10% annual free withdrawal, the death benefit or annuitized contracts.

Surrender charge period

(% of accumulation value surrendered after MVA)⁶

Contract year	1	2	3	4	5	6	7
	9%	8%	7%	6%	5%	4%	3%

Nursing home and terminal illness waivers⁷

Allows access to accumulation value without surrender charge or MVA if certain conditions are met. Please see the Disclosure Statement for necessary criteria and conditions.

Guaranteed Minimum Cash Surrender Value (GMCSV)

If you surrender your contract during the surrender charge period, you will never receive less than the GMCSV. The GMCSV is 87.5% of the total premium paid, less any surrenders and any taxes, accumulated at the GMCSV interest rate.

After the surrender charge period the cash surrender value is the greater of the GMCSV and the Guaranteed Minimum Nonsurrender Value (GMNSV).

The GMNSV is 100% of the premium paid, less any surrenders, surrender charges and taxes, accumulated at the GMNSV interest rate.

Death benefit (prior to annuitization)

Upon the death of a contractowner or annuitant, beneficiaries may receive the greater of the contract value, GMCSV or GMNSV.

Scheduled maturity date

The later of the 10th contract anniversary or the anniversary on or immediately following the annuitant's 95th birthday. Maturity date may be changed to any date after the fifth contract year.⁸

Choice of income options

After the fifth contract year, the full contract value without an MVA or surrender charge may be received under a number of annuitization options, including an income that cannot be outlived.⁸

¹ Purchase of the contract through a qualified plan does not provide any additional tax-deferral benefits beyond those already provided through the plan. If you are purchasing the contract through a plan, you should consider purchasing it for its death benefit, annuity options and other nontax-related benefits.

² Maximum of \$100,000 cumulative additional premiums.
