Terms

This product has two three-year terms.

Interest rates

Interest rates are guaranteed during the contract's two three-year terms.

MVA

A market value adjustment will apply to withdrawals and surrenders during the first six contract years. An MVA will not apply to surrenders during the last 30 days of the initial three-year term. An MVA does not apply in all states. Refer to the Interest Rate Chart for non-MVA states.

Early withdrawal charges

Six-year declining early withdrawal charge schedule starting at 9%. Early withdrawal charges will not apply to surrenders during the last 30 days of the initial three-year term.

Penalty-free withdrawals

The following amounts may be withdrawn without deduction of an MVA or early withdrawal charge:

- First contract year: up to 10% of the purchase payment
- Subsequent contract years: up to 10% of the account value as of the most recent contract anniversary

Early withdrawal charges and MVAs will not apply to surrenders that occur in the last 30 days of the initial three-year term.

Issue ages	0-89 (qualified); 0-89 (non-qualified): 0-75 (inherited IRA); 0-75 (inherited non-qualified) Issue age is defined as owner's current age upon contract effective date. For joint owners, the older age will be used as the issue age.
Purchase payment	This product accepts a single purchase payment for non-qualified, 403(b) (Traditional and Roth), Traditional IRA, Roth IRA, SEP IRA, SIMPLE IRA, Inherited IRA, Inherited non-qualified and 457 plan funds. Minimum: \$10,000 Maximum: \$1 million for ages 0-85, \$500,000 for ages 86+ without prior Home Office approval Maximums apply to the total purchase payments made to all annuities from the companies of Great American Insurance Group with the same owners or the same annuitants.
Terms	This product provides for two three-year terms. The first term begins on the contract effective date and ends on the third contract anniversary. The second term begins on the third contract anniversary and ends on the sixth contract anniversary.
Interest rates	Interest rates are guaranteed during the annuity's two three-year terms. When the contract is purchased, the interest rate in effect at that time is guaranteed for the first three-year term. At the end of contract year three, we will set a new interest rate that is guaranteed for the next three-year term. Contract owners will be notified of this rate in writing at least 30 days before the start of the second term. During this time, early withdrawal charges and MVAs are waived for full surrenders. After the end of the second term, we will set the interest rate from time to time at our discretion. Interest rates will never be lower than the annuity's guaranteed minimum interest rate. Current interest rates and guaranteed interest rates may vary by state; please refer to the current interest rate chart.
Extended care waiver rider	To help ease the strain of certain unforeseen events, an extended care waiver rider is available for no additional charge. If the owner is confined to a nursing home or other long-term care facility after the completion of the first contract year for at least 90 consecutive days, early withdrawal charges and MVAs may be waived on withdrawals up to a full surrender. <i>Not available in Massachusetts. In California, the Extended Care Waiver Rider has been replaced with the Waiver of Early Withdrawal Charges for Facility Care or Home Care or Community-Based Services Rider, which provides for a waiver of early withdrawal charges under an expanded variety of circumstances.</i>
Terminal illness waiver rider	Provided that the diagnosis is rendered more than one year after the contract effective date, up to 100% of the account value can be withdrawn without deduction of an early withdrawal charge or MVA if the owner or joint owner is diagnosed by a physician as having a terminal illness with a prognosis of 12 months or less. This waiver may be used only once. Not available in Massachusetts.
Account value	The account value is equal to 100% of the purchase payment received, plus interest credited daily, less any amounts withdrawn, including any applicable MVA or early withdrawal charges, less any applicable premium taxes and other taxes required by your state.

Surrender value The surrender value is equal to the account value, less any early withdrawal charge and MVA that would apply to a surrender.

Market value adjustment During the first six contract years, a market value adjustment or MVA will apply to withdrawals and surrenders. The MVA factor is calculated by comparing the value of a specific index when the contract is purchased to the value of the index when the withdrawal is taken or the contract is surrendered. This can result in an increase to the surrender value during a period of decreasing rates, or a decrease from the surrender value during a period of increasing rates. The MVA will not apply to surrenders during the last 30 days of the initial three-year term.

Early withdrawal charge During the first six contract years, an early withdrawal charge is applied to surrenders and withdrawals. Early withdrawal charges will not apply to surrenders during the last 30 days of the initial three-year term.

Contract year	1	2	3	4	5	6	7+
Early withdrawal charge	9%	8%	7%	6%	5%	4%	0%

Free withdrawal allowance **Before the first contract anniversary**, up to 10% of the total purchase payment may be withdrawn without incurring an MVA or early withdrawal charge.

After the first contract anniversary, up to 10% of the account value as of the most recent contract anniversary may be withdrawn without incurring an MVA or early withdrawal charge.

Cumulative withdrawals made in any year that exceed this 10% withdrawal allowance are subject to an MVA and early withdrawal charges. Unused portions of the free withdrawal allowance may not be carried over from one contract year to the next.

Withdrawals Withdrawals generally are allowed any time and are subject to IRS regulations.
Minimum withdrawal: \$500; **Minimum account value following withdrawal:** \$5,000.
Any withdrawals received prior to age 59½ may be subject to restrictions and a 10% penalty tax.

Death benefit The account value will be paid upon death of the owner. A spouse who is the sole surviving beneficiary may elect to become the successor owner.

Payout options The following payout options are available: fixed period income, life income, life income with payments for at least a fixed period, and joint and one-half survivor income. The account value will be used to provide income benefit payments.
